

JOURNÉES DE PHYSIQUE STATISTIQUE

Paris – Thursday January 31 & Friday February 1, 2019

Welcome to the 39th edition of the “Journées de Physique Statistique”.

Registration: fill in the form only if you have not already registered electronically and remember to wear your badge.

Communications were, as far as possible, grouped by thematics. Their order is largely due to chance and schedule constraints.

The duration of short talks is **four minutes** sharp (brief question included). Please avoid presenting more than two or three slides.

To allow for a larger understanding, preferred language is **English**.

We thank the physics department of ENS Paris for its financial and logistic support.

Organization team:
